DETAILED ACTION

*** This office action is in response to Applicant's Amendment and RCE request filed on December 11, 2003. Claims 1-20,22,25,27-28,32-35,53,58 were canceled. Claims 21,23-24,26,29-31,36-52,54-57, and 59-75 are currently pending.

Allowable Subject Matter

1. Claims 21,23-24,26,29-31,36-52,54-57, and 59-75 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:
Applicant's amendment and remarks filed on December 11, 2003 have overcome the rejections of record. The references of record, alone or in combination, do not fairly anticipatively disclose each and every aspect of the claimed method, or fairly make a prima facie obvious case of the claimed method, in combination with other processing claimed limitations, the inclusion of forming a floating gate on the insulating layer formed on the channel region, wherein the floating gate comprises a silicon carbide compound $\text{Si}_{1-x}\text{C}_x$; selecting x to be between 0 to 1; forming an integrate dielectric layer over the floating gate; and forming a polysilicon control gate over the integrate dielectric.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael M. Trinh whose telephone number is (571) 272-1847. The examiner can normally be reached on M-F: 8:30 Am to 5:00 Pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Amir Zarabian can be reached on (571) 272-1852. The fax phone numbers for the organization where this application proceeding is (703) 872-9306.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-0956.
